

Zion-Benton Township High School District 126  
Office of Business Services

---

## MEMO

March 18, 2025

**To:** Board of Education  
**From:** Dr. Jesse J. Rodriguez, Superintendent  
Dr. James J Woell, CSBO  
**Re:** Hazardous Walkways

Section 29-3 of the Illinois School Code requires school districts to annually review the conditions of hazardous walkways, and then certify to the State Superintendent of Education whether or not the hazardous conditions remain unchanged.

To our knowledge, there have not been any changes to the current hazardous walkways which would require a status change. Therefore, it is the Administration's recommendation to re-certify to the State Superintendent of Education that all of District #126's hazardous walkways should remain in effect.

Recommendation: The Board of Education accepts the Superintendent's recommendation to approve the Certification to the State Superintendent of Education verifying that all current hazardous walkways as presented remain unchanged.

Intersections:

**21<sup>st</sup> Street & Lewis Ave** (High traffic area, no safe walkway from northeast Lewis to 21<sup>st</sup> St.)

**29<sup>th</sup> Street & Green Bay Rd.** (Speed limit, high traffic area, and no safe walkway to get to Kenosha Rd.)

**Sunnyside & 21<sup>st</sup> Street** (No safe walkway for students to get to school)

**Route 173 & Lorelei Drive** (Speed limit, high traffic area, no safe walkway down 173 to Kenosha Rd.)

**Kenosha Road & Harbor Ridge** (No safe walkway for students to get to school, must cross 173, high traffic area)
